INTRODUCTION.

THE present volume is a complete list of the War Office Records preserved at the Public Record Office, with the following exceptions :—

(1) Muster-books and pay-lists, A.D. 1708-1889, together amounting to 24,388 volumes. There is a manuscript list of them.

(2) Certificates of birth and other personal documents selected from the papers formerly known as " Very Old Series " and " Old Series." An index to these has been printed for the War Office.

(3) In-letters of the Board of Ordnance. An index to those selected for preservation is in progress.

Inasmuch as the office of Secretary of State for the War Department was not established until 1794, many documents relating to military affairs anterior to that date are to be found among the State Papers Domestic, the State Papers Foreign, the Home Office Papers, and the Foreign Office Papers.
